

11th Annual

CELL & GENE

THERAPY SYMPOSIUM 2026

Research • Manufacturing • Industry Advances

Symposium: Friday 9th and Saturday 10th October, 2026

Pre-symposium workshop: Thursday, October 8th, 2026

Symposium Venue: New Examination Building,
Christian Medical College Vellore,
Bagayam Campus, India

Pre-symposium workshop Venue: Centre for Stem Cell Research
(a unit of BRIC-inStem, Bengaluru)
Christian Medical College Vellore,
Bagayam Campus, India

About the Symposium

The Centre for Stem Cell Research (CSCR), Christian Medical College Vellore, is pleased to announce the 11th Annual Cell and Gene Therapy Symposium (CGTS)-2026.

Over the past decade, CGTS has evolved into a leading international platform that brings together scientists, clinicians, industry experts, regulators, and policymakers to discuss recent advances, translational challenges, and future directions in cell and gene therapy.

Scientific Focus Areas

- Hematological Disorders
- Ocular Disorders
- Neurological Disorders
- Inherited Metabolic Disorders
- Musculoskeletal Disorders
- Dermatological Disorders
- Cardiovascular Disorders
- Rare Genetic Disorders
- Genetic Diagnostics
- Molecular Genetics of Inherited Diseases
- Stem Cell & Gene Therapy
- CAR-T & CAR-NK Cell Therapy
- Cell Therapy for Diabetes
- Gene Editing
- mRNA Therapeutics
- Manufacturing & Regulatory Aspects
- Organoids & Disease Modelling
- Cell & Gene Therapy - Industry Updates
- Viral and Non-Viral Delivery Technologies
- Industry Talks

Organised by

Centre for Stem Cell Research
(a unit of BRIC-inStem, Bengaluru)
